

Wiztopic ranks highest performer, according to G2

Paris, September 20, 2022

The software editor Wiztopic is thrilled to announce that its PR and IR solution has been named **Summer 2022 highest performer by G2, Inc.**, the world's largest tech marketplace.

Each quarter, G2 connects with business professionals and tabulates **their software reviews, creating a regularly updated index** of what products users enjoy using. For **4 quarters in a row** now, Wiztopic solution has been named **highest performer in press release distribution**.

Used by most of the French CAC40 and SBF 120, it has also been named **high performer for enterprise clients** in press release distribution and PR analytics.

"In a few years, Wiztopic became the most robust and connectable platform for large enterprises" said Jérôme Lascombe, President of Wiztopic. "Wiztopic and its blockchain certification solution Wiztrust, are the referent tools to help global PR teams scale and structure their organization while matching the high compliance and security demands of financial services and listed companies"

In addition, Wiztopic was named "Best support" for the Summer 2022 by G2, Inc, the Highest Quality of Support product in the Relationship Index.

" In "software-as-a-Service", there is "service" !", explained Marion Belouard, Head of Customer Success. "We collaborate closely with our clients, with reactivity and expertise about the communication sector."

About Wiztopic

Wiztopic is the editor of the cloud-based solution for communication and IR teams. Wiztopic allows them to manage, certify, distribute and measure the performance of their information, in a simple, secure and compliant way.

Wiztopic is a strategic partner of Euronext, the European stock market operator and has become a standard for listed companies (Air Liquide, Capgemini, Engie, Ferrovial, L'Oréal, Schneider Electric, Total,...) and financial institutions (Allianz, Amundi, BNP Paribas, BPCE, Crédit Agricole, Groupama, Natixis,...).
